HALAL SURGICAL GLOVE

CERTIFIED BY BPJPH INDONESIA

Globally recognised Halal certification

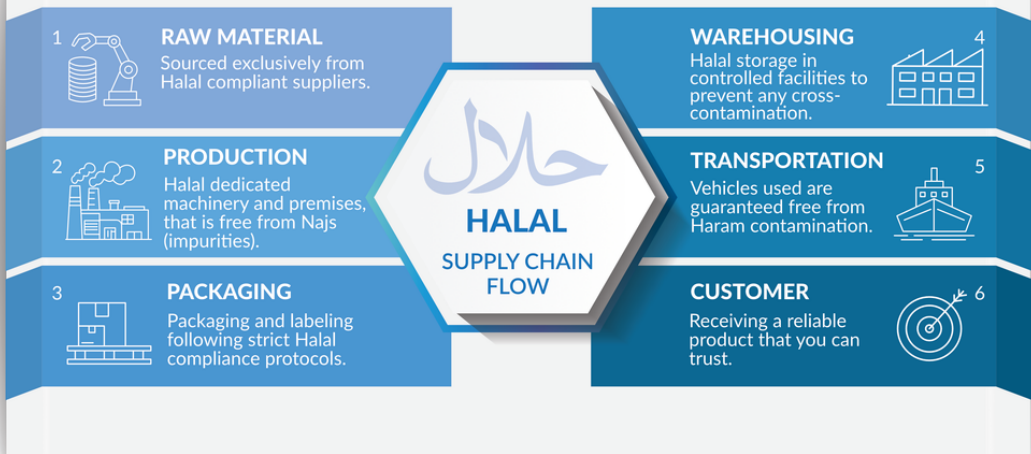

“Choosing Halal Certification with Purpose”

At iNtouch™, Halal certification reflects our commitment to delivering safer care and supporting a smoother recovery. By adhering to halalan toyyiban principles, we ensure every glove is pure, hygienic, and free from impurities, giving healthcare professionals a reliable product they can trust.

Strict Hygienic Control • Trusted Glove Quality

iNtouch™ POWDER FREE

Powder-free surgical gloves undergo a controlled leaching process during manufacturing to reduce residual chemicals. Endotoxin levels are monitored in accordance with applicable low endotoxin standards. The gloves are designed with ergonomic comfort to support prolonged use.

iNtouch™ POWDERED

Soft and comfortable for extended surgical use, these gloves feature a light powder coating to ease donning.
